Dear Constituent,

RE: FARM ANIMAL WELFARE

Thank you for your recent correspondence in respect of the welfare of farm animals. I have read your comments with interest.

I would like to assure you that I take the welfare of all animals very seriously. I know that the Government is committed to maintaining our world-leading farm animals welfare standards, and Ministers will deliver a series of ambitious reforms, as outlined in the 'Action Plan for Animal Welfare'.

One of the ways in which the Government wishes to improve the welfare of farm animals is strengthening protections against animal confinement, and I know that the Government is actively exploring options to phase out the use of cages in farming, including enriched cages for laying hens, farrowing crates for pigs, and cages for breeding pheasants and partridges.

I am aware of an e-petition calling for the end of the use of cages for farmed animals. I understand that a Westminster Hall debate has been scheduled on the subject on the 20th June 2022. I will be sure to follow this debate closely.

Furthermore, the Government's 'Animal Health and Welfare Pathway' will prioritise areas for additional improvement in health and welfare for pigs, cattle, sheep and poultry. One of the pathway's priorities will be to support a transition away from enriched cages for laying hens.

More broadly, I am aware that Ministers are taking action to improve the health and wellbeing of farm animals through the Animal Welfare (Kept Animals) Bill, which will ban exports of livestock and equines for slaughter and fattening.

Of course, if you do have specific concerns about the welfare of an animal, I would recommend reporting it to the police or to the RSPCA.

Once again, thank you for having taken the time to contact me and if I can ever be of any further assistance to you then please do not hesitate to contact me again.

With best wishes,
